

WDF 2019

World Dental Forum SHENZHEN

Welcome to the World Dental Forum 2019

The World Dental Forum is a global initiative created by the Modern Dental Group and its partners.

The forum, held at the Futian Shangri-La Shenzhen presents a unique opportunity to hear highly regarded international speakers updating you on the latest dental know-how and creates a space for you to exchange your knowledge and expertise with your peers.

Shenzhen is a booming manufacturing powerhouse just to the north of Hong Kong and was once just a sleepy village on the South China Sea. Today, it shimmers with the glitter of modernist high-rises and beats with all the endless energy you'd expect of one of the nation's richest and fastest-growing megalopolises. For visitors, this bustling town offers a wide range of sights and attractions to explore and discover.

You can also experience an exclusive inside view of the world class production facility - Modern Dental Laboratory in Shenzhen on 16th October 2019.

We look forward to seeing you in Shenzhen.

AGENDA

Over two days you will get the opportunity to listen to and learn from our industry's global thought leaders.

Day 1 14th October 8:30am – 6:15pm

Day 1 of the educational program consists of lectures, panel discussions, as well as two fully catered coffee breaks and a lunch break. Each lecture lasts approximately forty minutes after which you will get the opportunity to ask questions for ten minutes. The day is followed by a **gala dinner** for all participants.

Day 2 15th October 9:00am – 1:00pm

Day 2 of the educational program includes lectures, a coffee break and is concluded by a closing ceremony.

Lab Tour (optional) 16th October

Experience an exclusive inside view of the world class production facility - Modern Dental Laboratory in Shenzhen.

9 CPD POINTS

WDF 2019 | Speakers and Topics

PD Dr. Jan-Frederik Güth
GERMANY

DAY 1 | 9:45am - 10:30am

"Digital Biomimetics – Concepts for predictive treatments"

Jan-Frederik Güth (Dr. med. dent.) graduated from the D.M.D. School of Dental Medicine, Ludwig-Maximilians University, Munich, Germany. He holds the position of Deputy Director of the Department of Prosthodontics of the Dental School of the Ludwig-Maximilians University Munich. Dr. Güth defended his "Habilitation" in 2014 and received the title "Privatdozent". During 2013 he spent a research-stay (visiting professor) at the University of Southern California (USC; Pascal Magne). He is a member of the German Association of Oral and Maxillofacial Medicine (DGZMK), the German Association of Prosthetics and Bio-Materials (DG-Pro) and the German Association of Implantology (DGI). His main field of focus and area of research is digital impression technology and connected workflows across teeth and implants, CAD/CAM-technology, and high-performance polymers. Dr Guth is an internationally noted lecturer and publisher of scientific and clinical articles.

DAY 1 | 10:30am - 11:15am

"Clear Aligners and Aesthetic Finishing: An Ultra Conservative Approach"

In 2012, Dr. Yvonne King became the first dentist in Australia to hold the prestigious Masters Degree in Aesthetic Dentistry from King's College in London. She is an honoured Life Member and Diplomat of World Congress of Microdentistry, and also a member of the American Academy of Cosmetic Dentistry, as well as a member of the Academy of Laser Dentistry. Dr King is responsible for introducing exciting technologies to Australian dentistry, being the first to utilise, in surgery teeth whitening, intra-oral cameras, and the first dentist Australia-wide to routinely use the WaterLase and Hoya-ConBio DeLight soft and hard tissue lasers. She is also an accredited trainer in Laser and Minimally Invasive Dentistry. She is Clinical Director for GlamSmile Porcelain Veneers in Australia and New Zealand, and is responsible for training dentists from around the world. Dr King and her work have been showcased in mass media including television, print magazines and radio.

Dr. Yvonne King
AUSTRALIA

WDF 2019 | Speakers and Topics

Dr. Baldwin W. Marchack
USA

DAY 1 | 11:45am - 12:30pm

"Taking the Mystery out of Occlusion in Implant Dentistry"

Baldwin Marchack graduated from the Ostrow School of Dentistry of USC and in 1989 received his MBA from the Anderson Graduate School of Management at UCLA. He is a Fellow of the American College of Dentists, the International College of Dentists, and the Pierre Fauchard Academy. Dr Marchack is a member of the Academy of Prosthodontics, the International College of Prosthodontists and the Academy of Osseointegration. He is also past-president of the American Prosthodontic Society, the Pacific Coast Society for Prosthodontics and the American Academy of Esthetic Dentistry and the International Federation of Esthetic Dentistry. Dr Marchack is a former Examiner for the California State Board of Dental Examiners, and he is an Honorary Member of the American College of Prosthodontists. He serves on the Board of Councilors for the Ostrow School of Dentistry of USC and is the Course Director for the USC Esthetic Dentistry Training Program in Hong Kong and course director for the USC Comprehensive Surgical and Restorative Implant Dentistry Training Program in Hong Kong. He has served as Chair of the Editorial Council for the Journal of Prosthetic Dentistry, and he maintains a private practice in Pasadena, California.

DAY 1 | 2:45pm - 3:30pm

"Definitive Management of the Terminal and Pre-Terminal Dentition"

Dr Fibishenko attained his primary dental qualifications from the University of Melbourne and pursued further education in oral implants early in his career. He now practices exclusively in Oral Implantology, Dento-Facial Surgery and Facial Aesthetics and is one of Australia's leading implant surgeons and educators. Dr Fibishenko is the founder of All-On-4 Clinic and co-founder of Facelab, the facial aesthetics arm of his clinics. He is a visiting lecturer at NYU College of Dentistry Linhart CDE Program, a Fellow of ICOI and an accredited member of numerous implant educational organisations including the American Academy of Facial Esthetics (AAFE). He is a key opinion leader and a frequently invited speaker internationally on advanced surgical concepts in dental implants.

Dr Alex Fibishenko
AUSTRALIA

Prof. Nadim Z. Baba
USA

DAY 1 | 3:30pm - 4:15pm

"Materials and Processes for the Fabrication of Digital Complete Dentures"

Dr. Baba received his DMD degree from the University of Montreal in 1996 and completed a Certificate in Advanced Graduate Studies in Prosthodontics and a Masters degree in Restorative Sciences in Prosthodontics from Boston University School of Dentistry. Dr. Baba serves as a Professor in the Advanced Education program in Prosthodontics at Loma Linda University School of Dentistry, an Adjunct Professor at the University of Texas Health Science Center School of Dentistry, and maintains a part-time private practice in Glendale, CA. He is currently the President of the American College of Prosthodontists, a Diplomate of the American Board of Prosthodontics, a Fellow of the American College of Prosthodontists and the Academy of Prosthodontics. He is also the Associate Editor for the Aesthetics/Prosthetics/Restorative section at the Journal of Dental Traumatology and a reviewer for the Journal of Prosthodontics and the Journal of Prosthetic Dentistry. Dr. Baba has received several honors and awards, is the author of numerous publications and has lectured globally.

DAY 1 | 4:45pm - 5:30pm

"The Beauty of Digital - Esthetic Smile Rehabilitation with Biomimetics"

Dr. Michael Haw-Wei Tsao completed his dental degree at National Yang-Ming University, Taiwan and is the Founder of the CEREC Asia and Sweet Space Dental Clinic. He is a Beta Tester for Dentsply Sirona CAD/CAM Chairside Products. Dr. Haw-Wei Tsao is the chairman of the Taiwan Digital Dentistry Association and a Dentsply Sirona Key Opinion Leader. His focus and specialty surround digital dentistry and workflows. He is a former Director at Joint Commission International and in addition he is a ISCD Certificate Trainer as well as a internationally reknowned VITA International Speaker.

Dr. Michael Haw-Wei Tsao
TAIWAN

WDF 2019 | Speakers and Topics

DAY 2 | 9:00am - 9:45am

"Best Mechanics for Severe Crowding Correction"

Dr. Xu is a professor of orthodontics at the Peking University School of Stomatology and an adjunct professor of Case Western Reserve University. He works part time at Chinese Stomatological Association as an associate secretary-general and executive director of a scientific program for FDI 2020. He is a WFO councillor, AAO member and EOS member. He is well published in Chinese and International orthodontic Journals. He is an associate chief editor of Chinese Journal of Orthodontics, also serves on OCR and EJO editorial boards and the AJODO editorial review board. His research interests focus on 4D orthodontics and the investigation of clinical orthodontic outcomes. He emphasizes the effects of physiologic characteristics of dentition and craniofacial growth on orthodontic treatment and lectures on physiologic anchorage control globally.

Prof. Tian-Min Xu
CHINA

Dr. Baldwin W. Marchack
FRANCE

DAY 2 | 9:45am - 10:30am

"Taking the Mystery out of Occlusion in Implant Dentistry"

Dr Gary Finelle received his Dental Degree from the University of Paris 7, France and completed his doctoral thesis working on soft tissue healing around implants. Between 2011 and 2013, he joined the Advanced Graduate Program of Oral Implantology at Harvard School of Dental Medicine (Boston, Massachusetts) as a full time resident. His major field of interests is the application of digital technology into the surgical and prosthetic implant treatment workflow. He is involved in implant related research and is published in scientific peer-reviewed journals and lectures globally. He is currently an ITI fellow and speaker (International Team for Oral Implantology), a member of the American Dental Club Of Paris, and of +EAO (European Academy of Osseointegration). His private practice in Paris is limited to surgical and restorative implant rehabilitations.

DAY 2 | 11:00am - 11:45am

"Digital Dentistry for Treatment Planning Teeth and Implant Restorations - Collaborative Workflows with the Technical Team"

Sonia Leziy completed her dental degree at McGill University and completed her post-graduate degree at the University of British Columbia, Canada. Dr. Leziy is a Fellow of the Royal College of Dentists of Canada, the International Congress of Oral Implantologists, as well as a member of the British Columbia Society of Periodontists, Canadian Academy of Periodontists, American Academy of Periodontists and the American Academy of Esthetic Dentistry (AAED). She is also a member of various editorial boards and has been recognized among the top clinicians in CE in North America for many years by Dentistry Today. She has published extensively and co-authored two textbooks. She lectures globally on implants and advanced esthetics/periodontal plastic surgery and digital workflows. Dr. Leziy maintains a full-time interdisciplinary private practice.

Dr. Sonia S. Leziy
CANADA

Dr. Brahm A. Miller
CANADA

DAY 2 | 11:00am - 11:45am

"Digital Dentistry for Treatment Planning Teeth and Implant Restorations - Collaborative Workflows with the Technical Team"

Brahm Miller received his dental degree from McGill University and completed his post-graduate prosthodontics certification at the Medical College of Virginia. Dr. Miller is a Fellow and Examiner of the Royal College of Dentists of Canada, a member of the Association of Prosthodontists of Canada, as well as the British Columbia Society of Prosthodontists and Past President, a Fellow of the International Congress of Oral Implantologists and a member of the American Academy of Esthetic Dentistry (AAED). He co-mentors the Vancouver Implant, Periodontics and Prosthodontic Study Seminars (VIP). He is also a member of several editorial boards of dental journals, lectures internationally and is widely published on the subjects of all-ceramics and advanced implant esthetics and restoration. More recently he has co-authored two textbooks on Interdisciplinary Treatment Planning.

ACCOMMODATION

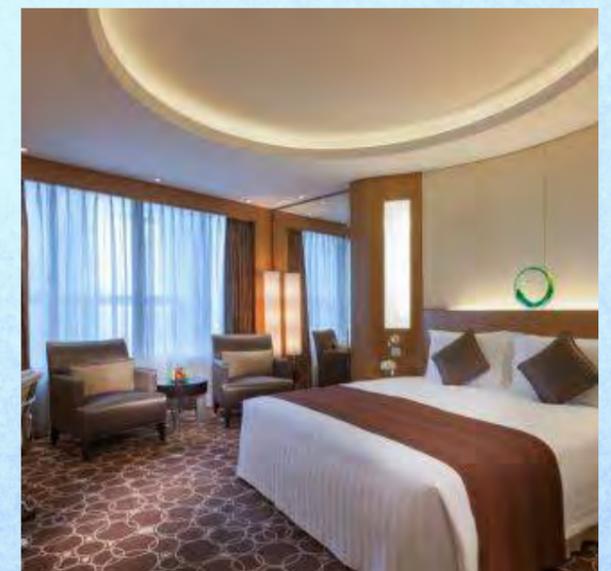

Futian Shangri-La Shenzhen

Commanding a prime location for easy business activities in a leisure-focused urban oasis, the Futian Shangri-La Shenzhen is an exclusive hideaway in the heart of the city, thoughtfully maintaining Oriental design traditions. Enjoy captivating views of the city skyline and benefit from your proximity to the Hong Kong border and Shenzhen Convention and Exhibition Centre. After a long day, you can rejuvenate your mind and body at the hotel's luxury spa and fitness amenities. The hotel is also located near Futian Station, the largest underground station in Asia, where a high speed train will get you to Hong Kong in just 14 minutes.

Marco Polo Shenzhen

A contemporary sanctuary in Shenzhen, The Marco Polo Hotel is a haven of tranquility and rejuvenation that inspires you to be at your best. After a long working day, guests are invited to take advantage of the fitness and rejuvenation centre which features a private yoga room, dance classes, personal training and other state-of-the-art equipment, sauna, steam room, and attractive outdoor swimming pool for lazing or laps.

SIGHTSEEING OPTIONS

Shenzhen Overseas Chinese Town East

Overseas Chinese Town East (OCT East) covers an area of nine square kilometers. At Da Mei Sha of Shenzhen, a large ecological resort brimming with natural landscapes, small towns of Western and Oriental styles, and a cluster of entertainment facilities awaits you. It has three themed parks: Knight Valley, Tea Stream Valley, and Wind Valley as well as two, 18-hole golf courses. Visitors can also pay homage to Buddhist statues at Huaxing Temple and revel in performances played in the resort every day. Be impressed by the Heavenly Zen troupe, a dancing performance showcasing the Chinese tea culture; and Roaring Flood, a live-action stunt show.

Shenzhen Museum

The Shenzhen Museum was founded in 1981 and consists of three museum sites including the Museum of Ancient Art, the Historical Folk Culture Museum and the Dongjiang Guerrilla Command Memorial Museum. The Museum covers an area of more than 50,000 square meters and serves the function of collection, protection, research, display, and education of pieces. As a large-scale headquarter-division museum, it is honored as a museum at national level and is a National Red Tourism Classic Tourist Attraction.

Window of the World

Shenzhen's Window of the World, is one of Shenzhen's most famous attractions. A theme park featuring large-scale replicas of international tourist sights, it is located next to Shenzhen Happy Valley, in Overseas Chinese Town (OCT). A beautiful bay covering an area of 480,000 square meters in the western part of Shenzhen. The park carries forward the theme of world culture, showing world-famous landscapes, natural scenery, and daily performances of folk customs, folk songs and dances. It is a great place to take the family, especially young children, to experience and learn about our world's diverse cultures.

SIGHTSEEING OPTIONS

DongMen

Dongmen Pedestrian Precinct is a commercial area in Luohu that's been ticking away for over 300 years and has long been one of Shenzhen's most popular places for fashion shopping. If you enjoy a bargain, this is the place to find a treasure or two, but there's also plenty of luxury items to be found at great prices.

Lou Hu Commercial City

Luo Hu Commercial City is one of Shenzhen's most well-known shopping locations due to its location, size and diverse range of goods on offer. It is located at the Luohu Border, directly across from the Shenzhen Railway Station, and features five floors packed with independent retailers selling a range of goods including men's, women's and children's fashion, electronics, toys, watches, jewelry, craft, massage services and much more.

Splendid China Folk Culture Village

Whether you are interested in historical architecture, beautiful scenery or existing culture, Splendid China Folk Culture Village has something for everyone. Splendid China in Shenzhen is split into two parts. One part is the Folk Culture Village, and the other one is Miniature China. The theme parks are both about China, however they are quite distinct. One instructs on China's ethnic groups, and the other tours famous sites and architectural heritage at a scale of 1:15. For a quick tour of China in a day, visit the miniature models of important sites in Miniature China and then take a tour of China's many ethnic groups at the Folk Village. Your ticket covers you for both parts of the park. The Folk Culture Village features ethnic village settings with locals dressed in ethnic costumes, with a range of acrobatic, dance and musical performances. Visitors can also take advantage of sampling the cuisines of many different regions. A tour not to be missed if you want to learn about the essence of traditional Chinese culture.
